7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Institutional Distinctiveness

Response:

The college was established in the industrial locality to ensure that it serves as a service to community in accordance with its institutional motto "Bahujan Hitay Bahujan Sukhay." (Wellbeing of the masses) The college functions on the principle of human equality and universal brotherhood. The College has "Zero Tolerance" to any kind of discrimination to any particular student and welcomes all the students with equal respect and dignity. This institution serves to be an instrument of change to many households in the nearby localities. The college shows pride in saying that our efforts have definitely uplifted the lives of several families especially those who were underdeveloped and deprived from pursuing higher education.

The institution has distinctive and unique vision to give emphasis on the attention to the learning abilities of the students from the background of working class of the industrial locality. The students who do not get either have educational scope, or cannot afford proper educational career due to the lack of economic stability. The college and the staff give special care and support to those students who earn for the living while learning. Many of the students come from BPL families. The students work somewhere before and after college hours to support their families. The Performance of the institution in one area distinctive to its priority is based on the fact that: - Most of the students (around 70%) are female, even though it's a co-educational institution.

According to the record of the academic year 2021-22 admission, the number of girls admitted to this session is more than 50% of the total strength of the admitted students in the college. The parents find the institution more secure and safe.

The special feature of our institution is that the faculty members take efforts to bring students into stream of higher education by visiting houses. The staff members arrange counseling for the parents as well as students about the benefits of higher education and ensure them financial assistance. They inform them about the advantages of seeking higher education such as getting some kind of employment, honor in society, self-reliance, and ability to guide to their future generation. The parents raise their difficulties in sending their wards to college such as financial constraints, safety and security of their girls, their academic low level etc. Thereafter, teachers assure them about financial help from government scholarship, the institutional financial aid scheme, the safety and security to their wards and paying individual attention to improve their academic performance.
